You may complete **one** of the following EXTRA CREDIT PROJECTS for the *Hamlet* unit. This quarter, extra credit is not a given. You must demonstrate attention to detail, creativity, and thoughtfulness.

Choose **ONE** of the following options. You may add up to **15** extra credit points to the assignment of your choice in MMS.

- I. Artistic representation of a theme from *Hamlet*. I am picturing a collage, painting, poster, etc. representing one of the themes from the play (e.g. deception/subterfuge, revenge, etc.) You should incorporate quotes as needed.
- II. *Hamlet* A to Z. An “A to Z” dictionary of all things *Hamlet*. This should include pictures and/or quotes and be attractively presented.
- III. *Hamlet* Original Soundtrack. This should include a CD soundtrack for the play, your thoughtful commentary explaining each song choice, and album art (with lyrics).
- IV. Shakespeare’s Periodic Table of Elements. I’ve always loved themed periodic tables. Make one for all things Shakespeare, including pictures.
- V. *Hamlet* comic book. Adapt one of the Acts to graphic novel/comic book format. Must be colorful and attractive!
- VI. Other creative idea? Propose your idea to me and I’ll probably say yes!
